Sandusky Lee® uses a high quality powder coat finish, that ensures there is no outgassing. The finish does not alter the acidity or alkalinity (pH) in your files. These heavy-duty welded steel files will provide long lasting durability to keep your valuable blueprints, artwork or maps secure and safely stored. They include hinged paperweights in drawer fronts, with hoods at rear, to keep papers from curling. The drawers slide smoothly on ball bearing rollers, for trouble-free operation. Stack files on the optional 6" high closed base or the 20" high open base, which includes a lower shelf for extra storage. Centered lock system.

Please specify colour: Light Grey (-GRY), Putty (-PTY) or Black (-BLK).

Roll Store

– For simple, economical poster storage, upright roll files

Corrugated fibreboard construction. Square tubes with plastic moulding. 20 compartment unit. Assembles quickly and easily. Holds tubes sized 2-3/4". Overall Dimensions: 22"H x 15"W x 12"D. 12"H in front. **Colour:** Walnut wood grain.

L3081 \$93.00

Wire Roll Stor Trolley

– Keep large plans and documents organized at your fingertips

The file is constructed of heavy-gauge steel rods with a white plastic coating. It features four large 8" x 8" storage bins at 2 heights to accommodate any size blueprint, drawing, chart, map or roll paper. Four all-surface swivel casters enable the file to roll easily to any point of use. The exclusive dustguard on the bottom of the file keeps materials clean and protects edges. Assembles quickly and easily. Dimensions: 27-3/4"H x 16-1/4"W x 16-1/2"D. **Colour:** White.

L93-228 \$110.00

Chartpak Map and Plan Tubes

Unique inert polypropylene tubes offering a new concept in the storage of maps, plans and materials housed in roll form. The static-free polypropylene units are, with end pieces in place, dust and waterproof and the easy grip design aids handling. Chartpak's unique design prevents discolouration or fade damage from UV radiation. Available in two diameters which can be increased in size by using additional spacer pieces to extend for as long as one wishes.

Please specify colour: Black (-BLK) or Grey (-GRY).

SAFCO Flat Files – Museum/Archival

The paint finish ensures there is no outgassing. The finish does not change the acidity or alkalinity (pH) in the files. These modular 5 and 10 drawer files can be used individually or in a space-saving stack. The case-hardened, ball-bearing rollers provide a smooth, quiet operation. Positive closures keep your drawers tightly shut, while courtesy stops keep them in place while open. They keep your contents clean, with a rear hood and hinged front depressor. Expert engineering assures you of maximum function and many years of service. The Low Base elevates files 6" off the floor, for protection and easier access. The front is recessed 2-3/4" from the file, to allow toe space. The unit holds up to five files, consisting of any combination of 5 and 10 drawer cabinets. The High Base raises files 20" off the floor. Bases have enclosed backs and sides, with open fronts, for extra storage space (holds up to two files). Drawers include label holders and chrome handles. Optional lock kit includes lock and two keys.

Please specify colour: Tropic Sand (-SND), White (-WH), Grey (-GRY) or Black (-BLK).

Vertical File Cabinets

These durable, welded steel, vertical file cabinets are a cost effective way to keep files organized and secure, using minimal floor space. A steel ball bearing slide suspension provides superior performance. The full drawer extension allows easy file retrieval. High-sided drawers accommodate hanging folders. A spring-loaded follower in the drawers, keeps your files upright. These cabinets include a label holder, aluminium thumb latch and handles and a single lock (to secure all drawers).

Please specify colour: Black (-BLK), Grey (-GRY) or Putty (-PTY).
